Oil Free Air Compressors

low noise, high quality

Bambi have used our experience of over 40 years manufacturing air compressors to bring you the quiet, oil-free PT range. Compressors are available in a choice of receiver and pump formats to ensure that the one chosen is perfectly adapted to the application. With ultra low noise, from only 52 dB(A) and 100% oil free operation, the PT range delivers a low maintenance solution to ultra-quiet oil free compressed air.

- Minimal maintenance
- No oil level to check
- Ultra low noise when running
- Compact and ready to use
- Built in Britain

Anti-corrosion, internally coated receivers are fitted across the range*, prolonging the life of the receiver and ensuring that the air delivered is contamination free.

All of the PT range runs off a single phase 240v supply and come with a standard 3 pin plug for the UK and Euro plug where requested.

10 Micron Outlet Filter and Adjustable Pressure Regulator

Condor Pressure Switch

Every PT compressor is protected by a comprehensive 12 month warranty extending to 5 years on the air receiver.

PTS20

When low noise levels are critical, choose the PTS20. With a running noise level of just 52 dB(A) and compact design, the PTS20 can be located under most work surfaces for a discreet installation.

Like the rest of the “open” PT range, PTS20 oil free compressors are built in the Bambi Ltd factory in Birmingham UK to our exceeding standards of quality.

PTS20 compressors feature glycerine filled gauges, an integrated regulator and quiet extraction fans as standard as well as high flow, quick release couplings, for fast and easy switching of airlines & installation.

Protected by a comprehensive 12 month warranty on parts and workmanship (5 year warranty on the internally coated air receiver), you can buy a Bambi compressor with confidence.
