

# VIP ECO

Natural Refrigerants -86°C Upright Freezer

528 L

# Cost-saving and environmentally friendly sample storage within an optimal footprint

The MDF-DU502VH VIP ECO -86°C Upright Freezer provides maximum sample storage capacity within an optimum footprint combined with natural refrigerants to minimise energy consumption, reduce environmental impact and save money.

# **Efficient Refrigeration**

Naturally occurring hydrocarbon (HC) refrigerants provide more efficient cooling due to their high latent heat of evaporation. As well as improved performance this leads to reduced power consumption and energy costs.

### **Inverter Technology**

The MDF-DU502VH VIP ECO ULT Freezer contains Inverter Compressors that maximise cooling performance under different conditions, and contribute to reducing the energy consumption of the freezer.

## **Intelligent Interface**

The EZlatch makes access to stored samples even easier.

A colour LCD touch panel allows full user control, even with gloved hands, while the USB port makes transferring logged data to a PC simple and convenient.

#### **Environmentally Friendly**

Ideal for laboratories looking to reduce their carbon footprint and environmental impact to comply with sustainability policies.

#### **Uniform Sample Storage**

Inverter compressors provide optimum stability, while quality of design ensures reliability. Ideal for samples that are sensitive to temperature fluctuations.

#### **Easy Data Monitoring**

Important information such as freezer temperature, door opening times and alarm history is logged for monitoring in GLP applications.

# VIP ECO

### Natural Refrigerants -86°C Upright Freezer

#### **Inverter Compressors**

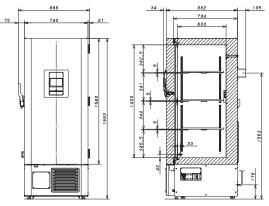

While conventional freezers use single speed compressors which cycle on and off, the MDF-DU502VH VIP ECO ULT Freezer contains inverter compressors that can run at different speeds to maximise cooling performance under different conditions. Combined with hydrocarbon refrigerants, these compressors ensure the most efficient energy use and reduced heat output.

#### Efficient & Flexible Sample Storage

The combination of VIP PLUS vacuum insulation and an enhanced cabinet design with insulated outer door, ensures optimum temperature uniformity, while the reduced wall thickness maximizes storage capacity. Multiple shelf configurations allow a variety of storage options. Organize your samples byźtransferring your current inventory racks.

#### **Innovative Cabinet Design**

The enhanced cabinet design with chamfered edges reduces footprint for use in multi freezer laboratories.

MDF-DU502VH-PE

#### EEA, Switzerland and Turkey only

For medical use

123 The MDF-DU502VH-PE is certified as a Class IIa Medical Device
193/42/EEC and 2007/47/EC). Applicable countries: Austria,
103 Belgium, Cyprus, Denmark, Finland, France, Germany, Ireland,
104 Italy, Liechtenstein, Luxembourg, Malta, the Netherlands, Spain,
105 August Switzerland and the United Kingdom only

Applicable countries: FFA countries. Switzerland and Turkey

PHC Europe B.V.

Model Number		MDF-DU502VH-PE
External dimensions (W x D x H) <sup>1)</sup>	mm	790 x 882 x 1993
Internal dimensions (W x D x H)	mm	630 x 600 x 1400
Volume	litres	528
Net weight	kg	246
Capacity	2" boxes	384
Performance		
Cooling performance <sup>2)</sup>	°C	-86
Temperature setting range	°C	-40 to -90
Temperature control range 2)	°C	-40 to -86
Control		
Controller		Microprocessor, non-volatile memory
Display		LCD Touch Screen
Temperature sensor		Pt-1000
Refrigeration		
Refrigeration system		Cascade
Compressors	W	2 x 750
Refrigerant		нс
Insulation material		PUF / VIP Plus
Insulation thickness	mm	80
Construction		
Exterior material		Painted Steel
Interior material		Painted Steel
Outer door	qty	1
Outer door lock	4-7	Y
Inner doors	qty	2
Shelves		3
Max. load - per shelf	qty kg	50
Max. load - total <sup>3</sup>	-	415
	kg	
Vacuum release port	atv	2 (1 automatic, 1 manual)
Access port	qty	back x 1, bottom x 2
- position	0	
- diameter	Ø mm	17
Casters	qty	4 (2 leveling feet)
Alarms	(v = visual A	Alarm, B = Buzzer Alarm, R= Remote Alarm)
