DP5 Cube

2D barcode scanner for all racks and boxes

Features

- Fast camera-based 2D scanner
- Capable of scanning all SBS Rack formats and Cryoboxes
  - Patented technology allows imaging under difficult lighting conditions
  - DP5 software with free lifetime upgrades
  - Cryoprotection and 1D rack/box code reading as options

Easy to set-up and easy to use

The DP5 Cube 2D scanner offers easy, out-of-the-box set up and is delivered pre-calibrated and ready to scan.

This instrument can scan all racks in the SBS format, regardless of the conguration or number of tubes, and by a quick and easy change of mask (included as standard) it can also scan all Cryobox formats.

Our new automatic rack type detection feature means that you no longer have to configure the Cube for all rack types. Simply place your rack on the scanning window and the software will work out what type of rack it is and run the scan - easy!

Specifications

- Dimensions = 152mm x 174mm x 146mm (WxDxH)
- Weight = 1.2kg
